TOURNAMENTS

'9-Tap Tour' Coming To Las Vegas

The **9-Tap Tour** is coming to Las Vegas, November 27th - 29th, hosting their **FIRST** local Tournament at **Texas Station**. The first 100 bowlers to enter will receive a complimentary one year membership and they're also guaranteeing that 1st Place will pay at least \$2,500.00 with a full Winner's Pot entry. **Brunswick** will present new Bowling Balls to Top Qualifiers on both Friday & Saturday.

The 9-Tap Tour offers a handicapped 9-Pin No Tap Tournament format (9 on your first ball counts as a STRIKE). This has proven to be very popular in the Seattle area for the last 12 years, with payouts averaging over **\$378,000.00** per year for the last 4 years. That popularity has also spread to Hawaii, where their format has also proved to be very successful over the last 5 years.

By excluding the higher average bowlers (210+), the Tour has created a Tournament specially structured for the rest of the bowling community. The goal of providing a 'level playing field' for all skill levels (up to 210) has been proven by the results. The Seattle Region averages 40+ Tournaments each year and consistently produces a very diverse list of Champions.

In 2014, Champions ranged in age from 20, all the way to 87 year old **Wess Hall Jr** who won his first career Title and a \$2,629.00 check. Another Senior, 82 year old **Leon Bemis**, won his 6th career title, boosting his Tour earnings to over \$22,000.00. Ladies captured 9 Titles in 2014, following **Pen Hagen** who became the first lady to win the Tour's Bowler of the Year competition. The Seattle Tour's 12th season of competition, still produced 20 bowlers who earned their **FIRST** Tour Titles. With every Tournaments 'Cash List' having a wide range of handicaps, in both Seattle and Hawaii, we can see why the Tour is proving to be so popular.

The Tour expects Las Vegas to be the showcase region for this fast growing organization, producing even bigger successes in the city that has become the Capitol for bowling in the USA.

Qualifying Squads: Friday, Nov. 27th 7:30 pm, Saturday 11:00 & 1:30 & 4:00, Sunday's "Last Chance" 10:00 am. Rules and details are available at www.9taptour.com. Please email through website if you have any questions.

Please see ad this issue, page 17.

Wayne & Bonnie Garber Bowl 300 x 2

by Bette Addington, California Bowling Writers

Modesto, CA - Yosemite Lanes was on an emotional high Tuesday night, September 15, when not one 300 game was shot but two. And both were shot for the same game. It gets even better! They were bowled by husband and wife - Wayne and Bonnie Garber. And if that's not phenomenal enough, they were bowling on different teams and both won their games with this contribution!

How much more exciting can it get?

Competing in their Tuesday league for just the second week of this Fall season in a league they have bowled in for at least 20 years, Wayne said for that second game, he "was watching Bonnie since the 6th frame" when she was busy stringing her strikes and added, "she didn't know I was striking." They were just four pairs away from each other. The crowds gathered in anticipation behind their lanes. Bonnie got a loud round of applause when she bowled her 11th. But the applause grew louder as Wayne shot his 12th. Then, just 15 seconds later, as Bonnie prepared for her last ball, she remarked, "Really? Right now?? OK!" and let 'er rip to the loudest ovation of the night! Everyone went crazy to witness this once-in-a-lifetime moment!

The Garber's have both been on the bowling scene for many years. Wayne has been bowling since he was 4 years old (43 years) and Bonnie for 27 years. Both have had numerous 300 career games - Wayne (over 100) and Bonnie (8). Wayne's bowling resume shows he competes and runs scratch tournaments and has for years as well as is a PBA member. Bonnie came from bowling years ago in the WTA (Women's Tournament Assoc.) where she won a title and WWPB (Western Womens Professional Bowlers).

Both are members of the Modesto Bowling Association Hall of Fame.

On this special night in their lives, Wayne (a Hammer Ball Rep.) was throwing the Hammer Red Pearl Widow ball and Bonnie had switched to her Brunswick Red Solid ball to accomplish this feat.

Editors Note: Unofficially I believe the Garbers have set a national record also. First husband and wife to shoot 300 not on the same team or lanes.

I did some digging and it is very confusing, we will just have to wait and see how USBC figures it all out.

Congrats to the Murtishaws on doing it TWICE as husband and wife. Way cool it all happens in the sunny state of California!

What a week, Garbers on September 15th and the Murtishaws on September 17th!

Mr. and Mrs. Murtishaw Set A National Record

by Frank Weiler

MURRIETA – In 2002 Jim and Anita Murtishaw tied a national record when they became the second married couple to roll 300s in the same game while bowling on the same team. That is, both Jim and Anita each rolled a 300 in the same game for the same team. A St. Louis couple was the first to accomplish the feat.

Last Thursday the Murtishaw's did it again. Both Jim and Anita rolled perfectos as teammates in the first game of Cal Oaks 640 Scratch League. That's a new national record.

They established a new national record by becoming the first married couple to roll perfect games in the same game as teammates, two times. Yes, both Jim and Anita each rolled a 300 in the same game as teammates, a second time. ONCE A TIE, TWICE A RECORD.

No surprise that the Murtishaw's set a national record. Both are members of the Citrus Belt Hall of Fame. Both have led the Citrus Belt in high average. Both have rolled multiple perfect games and 800s. Anita still holds the Association record for the highest three game series (848) by a woman.

No surprise that the Murtishaw's set a national record. Jim is a PBA National Champion who competed on the national tour for nearly ten years. Jim competed in the PBA Tournament of Champions for several years and finished second one time to PETE WEBER, missing a Major Title by just a few pins.

Jim regularly averages 230 plus in league play while Anita has averaged 200 or higher for over twenty seasons. AMAZING STUFF.

NO SURPRISE that such accomplished bowlers have set a national record. The Murtishaw family is probably the NUMBER ONE bowling family in the Citrus Belt and this record just solidifies their position as such.

Johnson Wins 2015 U.S. Women's Open

By Matt Cannizzaro

NORTH BRUNSWICK, N.J. - Defending champion Liz Johnson of Cheektowaga, New York, already may be in the United States Bowling Congress Hall of Fame, but she was able to add another huge accomplishment to her legacy with a win at the 2015 Bowlmor AMF U.S. Women's Open.

The 41-year-old right-hander defeated her Team USA teammate Shannon O'Keefe of O'Fallon, Illinois, 190-189, to claim her fourth U.S. Women's Open title, breaking a tie for second place on the event's all-time win list behind fellow USBC Hall of Famer Marion Ladewig, who won eight times.

Johnson earned \$50,000 and the coveted green jacket for the win, while O'Keefe took home \$25,000 as the runner-up.

Johnson also became the first bowler to successfully defend a U.S. Women's Open title since hall of famer Dorothy Fothergill accomplished the feat in 1969, and she joins three-time U.S. Women's Open winner Kelly Kulick (2010) as the only bowlers to win the USBC Queens and U.S. Women's Open in the same year.

The finale at Brunswick Zone Carolier was a rematch of the 2007 title tilt, and O'Keefe had a chance at redemption with two strikes and seven pins in her final frame. After she left a washout and failed to convert, Johnson covered a 4 pin and got seven on her fill ball to escape with the win.

"I made the best shot I could in the 10th, hoping to strike, so I didn't have to worry as much," said Johnson, who also won the U.S. Women's Open in 1996, 2007 and 2013. "I shanked the last shot, but it was enough. This is going to take a while to sink in, for sure. When the Tour folded in 2003, we had no idea all of this would come back. It has been an incredible year, and I'm very grateful."

Johnson's win at the 2015 Queens in Green Bay, Wisconsin, in May kicked off the 2015 Professional Women's Bowling Association schedule. That victory secured her spot in next week's season-ending The Smithfield PWBA Tour Championship promoted by GoBowling.com, where she'll be seeded right into the semifinals as the 2015 PWBA points leader.

"This has been an amazing year, to say the least," said Johnson, who won last week's PWBA Detroit Open, too. "I haven't made the Queens show when I've won the U.S. Open, and I didn't make the U.S. Open show when I won the Queens (2009), so I was pretty happy just to get here. But once you're there, you want to take advantage. I didn't make the best shots I could have or should have, but I got it done."

On the way to the championship match, Johnson used just one double and a flawless spare effort to top four-time first-team collegiate All-American and 2015 PWBA Lubbock Sports Open winner Jazreel Tan of Singapore, 199-177. Tan was the only amateur in the top five and one of nine Team Singapore members in the field this week.

Before facing Johnson, Tan overcame a 28-pin deficit to slip past Team USA member Danielle McEwan of Stony Point, New York, 172-165. McEwan held the commanding lead at the halfway point, but three consecutive opens starting in frame six proved to be her undoing.

Tan started the day with a clean 195-190 victory against nearby Union, New Jersey's Kulick. Despite a late open frame, Kulick had a chance to double in the 10th frame for the win but left the 2-4-5 combination on her second shot, allowing Tan to advance.

All competitors at the 2015 U.S. Women's Open bowled 24 games over three days, while the top third of the field had eight more games to fight for a spot in the top 24, who advanced for 24 games of round-robin match play.

Bowlmor AMF, the largest operator of bowling centers in the world, is hosting and providing television sponsorship of more than \$250,000 for the U.S. Women's Open and the 2015 Bowlmor AMF U.S. Open, which will be held at AMF Garland Lanes in suburban Dallas/Fort Worth, Nov. 2-8.

Bowling Museum Announces Special Item For October Auction

ARLINGTON, Texas - The International Bowling Museum and Hall of Fame announced a special auction item for its October 2015 eBay auction.

In conjunction with Kegel, the International Bowling Museum and Hall of Fame is proud to announce the auction of the Limited edition Patriotic Lane Machine. The proceeds from the auction are going to be split 50/50 between two great causes, Bowlers to Veterans Link and the International Bowling Hall of Fame. This Patriot Edition FLEX Walker lane machine is one of twelve custom hand-painted lane machines. The FLEX's DUO conditioning system combines Sanction Technology with dual conditioner cartridges, making it the only lane machine to give you the benefit of easily using more than one lane conditioner in your center. Use one conditioner, two conditioners, or even mix compatible conditioners in one pass!

The retail value of this machine is \$37,995. **Freight and installation are included!** The October auction is set to begin on October 19 and run through

October 29.

For more specific details or to make a bid on the lane machine visit <http://www.ebay.com/usr/bowlingmuseumstore>. It will be posted October 19. For more information contact IBMHOF curator Jessica Bell at:

Jessica@bowlingmuseum.com.

Helen Duval's Bowling Tips

Checking the Fit of Your Bowling Ball

There are three priorities you must consider before you roll a ball: 1) Correct fit; 2) Timing and coordination in your approach; and 3) The best weight you can handle.

So this article will help find the best fit for your ball. Try to put your thumb all the way down into the thumb hole and rotate it quickly. If you can do this, your thumb hole is just fine. If you cannot do this, then take it to a ball driller and have enough taken out of the thumb so you can rotate your thumb easily.

Next you must check the span or grip. Put your thumb back into the thumb hole all the way—lay your hand and fingers, stretched, over the two finger holes. Look at the center of the holes UNDER your fingers, mark the center of the holes with a pencil on the side of your fingers. This mark determines how far to insert your fingers.

Now insert your fingers up to this mark and then your thumb. Your thumb should go into the thumb hole easily. Never force your thumb or stretch it to get it into the thumb hole.

Your thumb steers the ball, so, therefore, it must come out of the thumb hole easily.

Take a moment and hold your hand out in front of you in a shake-hands position. You will see that your thumb is shorter than your fingers. So keep thinking about that when you deliver the ball—thumb out, fingers lift the ball.

ASK BOB

By Bob Korth

Q. I am having problems adjusting to the lane conditions where I bowl league. I am OK during the first game I hit the pocket and carry is good. After about two or three frames of the 2nd game I can't get the ball to the pocket. It goes light or leaves the ten pin. Then when the 3rd game starts the ball begins to hook at release. I only bowl once a week and this has me lost. What should I do to be more consistent?

A. What is happening to you is a common problem. The first game you are on fresh oil and all is well. Then the oil pattern changes due to play. The oil starts to move around. Some carry down happens the oil goes down the lane a bit. It is being transferred by the bowling balls to the once drier back ends of the lane. This causes the ball to delay it's back end reaction an it goes light or does not finish as hard and leaves the ten pin. So to combat this you must move right just a little maybe one board this will get the ball into a little earlier roll and it should then finish to the pocket. In the third game the head portion of the lane starts to dry out and causes the ball to start hooking very early. This causes it to go high each shot. Now you have to move left and not just a a board. You will need to find more head oil so you may need as much as a 4 to five board move with your feet and a 2 board move with your mark on the lane. This will get you into more fresh oil to stop the early ball reaction. This is just a guide line to go by. You may need a little less of a move or a little more. For lefty's make the opposite moves.

Q. I have been bowling for 12 years now. For the first 7 or 8 years my average improved each year. But now I am starting to lose ground. My average has dropped the last 2 years. It is getting very frustrating. How can I get my game back on track?

A. There are ups and down's in every sport and bowling is no different. What is different in bowling is that bowlers in most cases don't seem to think that they need **Coaching**. In all other sports the key to improving is instruction and practice. In bowling we just think we can wing it. So my suggestion is go to your local bowling center or pro shop and ask them about a series of lessons. You will find that bowling lessons are not expensive and very valuable. You can get 5 or 6 one on one lessons in most cases for less than the price of a new ball. The lessons will last you a lifetime. Then try bowling more than once a week get in a little practice. Pay special attention to your spare shooting and I guarantee your average will increase. As will your enjoyment of the game.

Q. I just turned 70 and I am noticing that I get very tired by the time the 3rd game begins. I use a 16 pound ball and I like the carry I get with the ball. My friends are telling me that maybe I should go down in weight. What will this do to my carry?

A. By all means go down in weight. Today's bowling balls are very powerful and you probably won't notice any difference in pin carry with a 15 pound ball. That one pound will make a big difference in keeping your energy level up. You will feel better and have more ball speed and better control. This will add up to better scoring overall. Most pro's today are using 15 pound balls.

Antioch Winners: "Are You Punking Me?"

"What the heck." That simple thought led to a decision that forever changed Nancy Savioni's life. She decided to purchase a second *Powerball* ticket and ended up winning \$1,771,065!

"I was just sitting there kind of numb going, 'Oh my gosh,'" Nancy explained. "I kept looking at the ticket and checking it, checking it, checking it... going, 'oh my gosh I really did win.'"

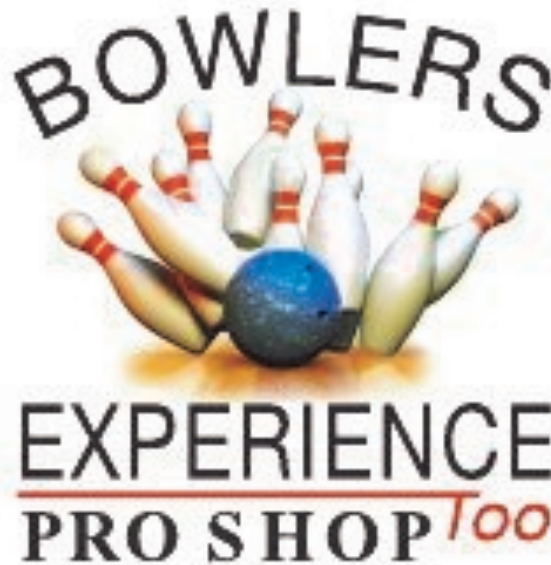

Nancy really did win and it was on that second ticket. Here's what happened: On the Sunday before the September 30th draw, Nancy's husband, Duane, bought \$20 worth of *Powerball* tickets. Then a few days later on Wednesday, Nancy was at the store picking up a few more things. After checking out, she had \$8 left. "I thought the *Powerball* is \$300 [million], I might as well buy another ticket. What the heck." So she bought \$8 worth of *Powerball* tickets and on the second line matched five of six numbers to win \$1.7 million.

When she called Duane to tell him the good news, he didn't believe her. "I told him and he goes, 'Are you punking me?' and I said 'No, I'm not punking you.'"

Once Duane came around, the two started thinking about the money, but made sure not to get too ahead of themselves.

"I was joking with her and said, 'OK honey, it's not Oprah money,'" Duane said with a chuckle. He later added that the money was actually going to make their lives a little easier. And Nancy agreed, saying, "I think it's going to make us comfortable."

WORLD BOWLING FOCUSES ON OLYMPIC QUEST BEYOND 2020

Following the announcement of the Tokyo 2020 Olympic Committee (TOC) this morning, World Bowling is saddened to announce that the sport of bowling has not been recommended for inclusion in the 2020 Olympic Games in Tokyo. Although this is a big disappointment, World Bowling fully respects the TOC's decision and believes that bowling's time to join the Olympic Movement will come sooner rather than later. The process undergone over the past few months was valuable and tangible recommendations will be taken away to strengthen the sport of bowling in the future.

President Kevin Dornberger (pictured above third from left) said "It was a great opportunity to have been considered as one of the final eight sports from the initial list of 26. For World Bowling this remains a huge milestone in pursuing our Olympic quest and we believe that this has laid the foundations for a brighter future ahead.

The process has made our sport grow stronger and we have learned some invaluable lessons from working on our campaign. While we may not have been successful this time, we will continue to develop our sport worldwide. As part of our Bowling World Plan, we have many initiatives still to be implemented such as fostering and encouraging the development of youth participation, especially for girls. We strongly believe that this will result in increasing the worldwide recognition of our sport. The brightest days of bowling are ahead of us!"

Along this journey World Bowling has received so much support from fans, athletes. This outpour of support has strengthened the bowling community and inspired new generations of athletes. We would like to thank all of the supporters for their commitment to the sport of bowling and of course we thank the TOC and wish them the very best for what we are certain will be excellent Olympic Games in 2020.

World Bowling will be welcoming a number of exciting events in the coming years including the Women's World Championships in Abu Dhabi in 2015 and the 2016 World Youth Championships and 2016 World Singles Championships.

PBA Spare Shots: PBA's 2014-15 ESPN Ratings Up 23%, Male 18-49 Viewers Increase By 55%

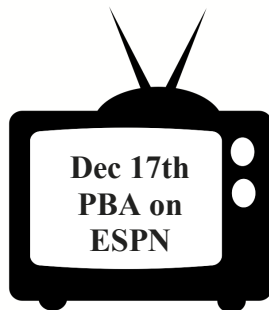

by Bill Vint

PBA television ratings on ESPN for 2014-15 not only showed a 23 percent increase in viewership, but made important gains in valuable demographics, PBA CEO and Commissioner **Tom Clark** said.

Newly-released ratings data comparing the overall 2014-15 PBA telecasts on ESPN to the 2013-14 season showed ratings gains in desirable areas such as males age 18-49, which was up 55 percent. The combined male-female audience in both the 18-34 and 18-49 age groups were up 50 percent year-over-year.

"It's an exciting time for the PBA," Clark said. "These numbers are rarely achieved in sports TV and are very encouraging. They are both valuable and attractive to sponsors and partners. The PBA's mix of exciting players including Hall of Famers, international stars and former collegiate players making their mark in increasingly diverse and prestigious events, plus the continued support of ESPN have the PBA positioned for further growth."

The new PBA on ESPN schedule begins Dec. 17, with a special Thursday, 7 p.m. ET (4 p.m. PT) live telecast of the PBA World Championship from the GEICO PBA World Series of Bowling VII at the National Bowling Stadium in Reno, Nevada.

PBA/PBA50 Ken Fowler Auto Center West/Northwest Doubles By Bill Vint

Troy Kendrick of Coto de Caza, Calif., and Jeff Frankos of Daly City, Calif., took advantage of their superior match play record to win the PBA/PBA50 Ken Fowler Auto Center West/Northwest Doubles hosted by Yokayo Bowl in Ukiah, Calif., Sunday.

Kendrick and Frankos won five of their six matches to finish the tournament with a 14-game total of 6,150 pins, including 150 match play bonus pins, to top Joe Goldstein Sr. of Hayward, Calif., and Chris Warren of Grants Pass, Ore., by 29 pins for the title, giving Kendrick his fifth PBA Regional title and Frankos his 19th. They shared the \$3,000 first prize. Goldstein and Warren had a 2-4 match play record and a total of 6,121 pins, including 60 bonus pins.

USBC Raises Bar For Competition Integrity With The U.S. Open

By Terry Bigham

Host center for Bowlmor AMF U.S. Open provides new model for USBC championships by improving lanes to top specification quality

ARLINGTON, Texas – Bowlmor AMF, the largest operator of bowling centers in the world, in collaboration with the United States Bowling Congress and the Bowling Proprietors' Association of America, will provide a new level of lane integrity for bowlers at the 2015 Bowlmor AMF U.S. Open.

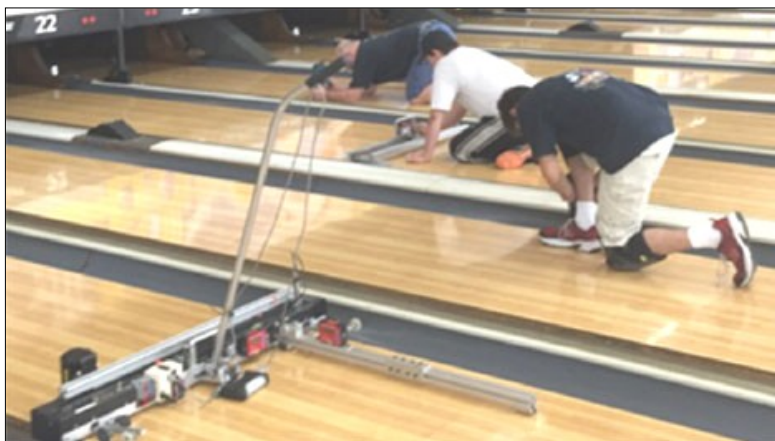

Bowlmor AMF worked with USBC and Lane Analytics to complete a comprehensive topography evaluation of the lanes at host center AMF Garland Lanes, ahead of the event that will take place Nov. 2-8 in Garland, Texas.

Each board of every lane was inspected and leveled every three feet in 18 locations per lane. As a result, 99 percent of the crowns and depressions plus cross-tilts are within twenty-thousandths of an inch of flat. This dramatically exceeds USBC's minimum standard of forty-thousandths of an inch using three inspection locations per lane. "Bowlmor AMF is committed to competitive bowling and playing a leading role in moving the sport forward in a positive way," Bowlmor AMF Vice President of Leagues Jay Lietman said. "We are proud to create a world-class venue for the U.S. Open and strive to provide an exceptional experience for our league bowlers across the country as well."

Details of the U.S. Open lane pattern also are designed to achieve a higher level of competition integrity. The lane pattern will not be revealed until immediately before official practice at AMF Garland Lanes. Additionally, there will be no re-oiling of the lanes between squads.

"From an integrity perspective, Bowlmor AMF has provided a venue of the same high quality you find with a custom installation such as the USBC Open Championships," USBC Executive Director Chad Murphy said. "With no information being provided about the pattern in advance of the event and also no re-oiling procedure during the event, we have taken a step further to leveling the playing field. Multiple angles will need to be played throughout the event to be successful. It's exciting to think about and I'm looking forward to it."

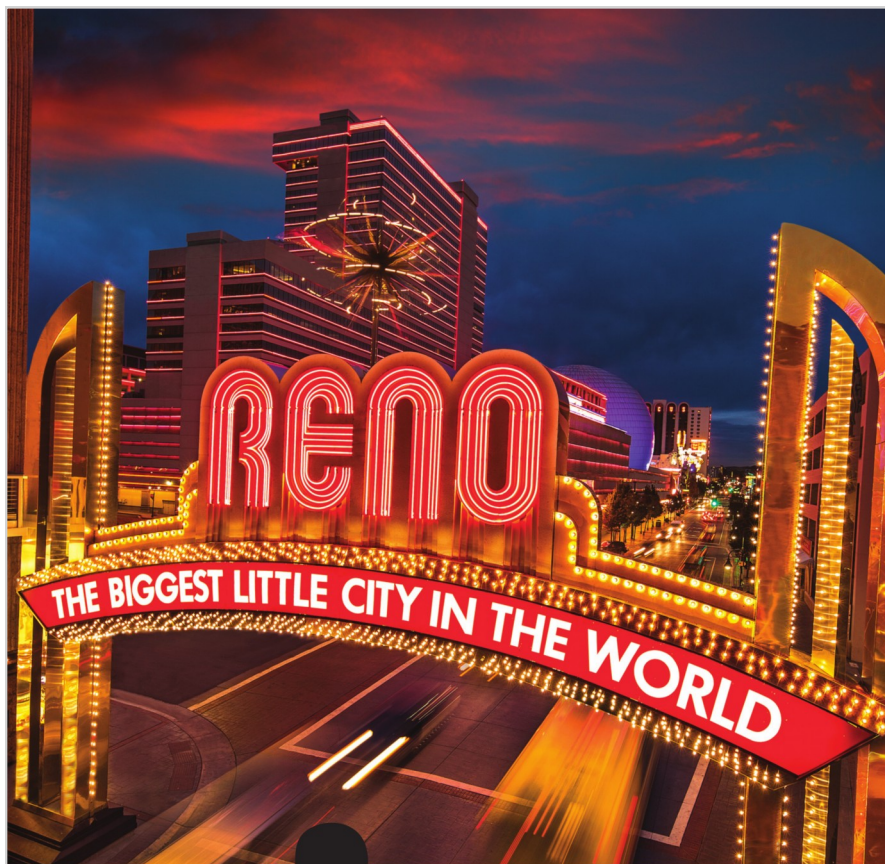

USBC plans to use the partnership model developed with Bowlmor AMF to improve lane topography for future host centers of championship events. Limiting the release of lane pattern information already is standard practice for the Professional Women's Bowling Association Tour, Intercollegiate Team and Singles Championships and

most recently, the 2016 Junior Gold Championships.

While many equate a golf scorecard to bowling's pattern information, Murphy explained a golf scorecard doesn't change, since yardages are always the same, but bowling patterns migrate on top of the lane with every shot so it's not static and is always evolving.

"The static piece in bowling is topography of the lane," Murphy said. "In golf, the scorecard or yardage book that a PGA professional receives the morning of competition is the topography while the pattern is the rough, the speed of the green and the wind. In bowling, the lane map is the topography while the pattern is the factor that changes from shot to shot. For the 2015 Bowlmor AMF U.S. Open, we have done the work to ensure the lanes are in championship condition by making sure the lanes are well within specification. We also are delivering a scorecard to competitors. You can see a detailed report on the topography of the lanes at AMF Garland Lanes [here](#). "It is USBC's role to create a level playing field where the athlete's skill determines the outcome as we continue to build a future for the sport. We appreciate having a great partner hosting the U.S. Open to help make it possible." For more information on the Bowlmor AMF U.S. Open, visit BOWL.com/USOpen.

Paint the Lanes PINK® to SAVE LIVES

At Storm Products, Inc. we pride ourselves on being more than just the leading manufacturer and marketer of high performance bowling equipment, we are committed to supporting many life-changing causes including Breast Cancer Research.

October officially is Breast Cancer Awareness Month and Storm is asking bowlers around the world to help us Paint the Lanes PINK® to SAVE LIVES. This on-going charitable project is designed to raise invaluable funds in support of breast cancer research.

Our charitable partners in the fight against breast cancer are the Huntsman Cancer Institute and Striking Against Breast Cancer Foundation, as we donate a portion of the proceeds from every sale of PTLP products to these vital breast cancer research supported foundations.

For a great cause...BREAST CANCER Karla won the bid!

Karla Alsgood It was in honor of my mom, Bonnie Alsgood, who lost the battle and HOF'er Ann Harrison who won the battle.. Glad to be apart of this paint the lanes pink.

Pacific Ave Bowl

By Gerry Wellbaum

With winter leagues in full swing, scores are flying through the roof here at Pacific Ave. Bowl. Bowlers are trying to break out to an early lead in the standings before the winter half ends. Bowlers like Stephan Klitz 300, Jacob Setchell 300, Steve Davis 279/809, Jason Lindholm 279/803, Chris Rose 300/796, and Jon Hungerford 299 are just to name a few.

Those scores are bit, but top dog honors of this month go to Jason Yong. Rolling back to back 279 games wasn't enough on this Wednesday morning. Jason followed it up by rolling a perfect 300 game in the third for a huge 858 3 game set. But wait, he wasn't done. For Jason's fourth game, he tallied a big 256, ending his day with a whopping 1114 four game set. Not bad seeing he hadn't thrown a bowling ball in two months. Mind you, his last series he shot two months before was an 803. It was something special to watch, let me tell you!

Do stay tuned, for our winter months bring many tournaments and events for all ages.

Follow us on Facebook and Twitter for updates to all of our events. Now let's check out more league scores from the month that was.....

Check Out Our Website and Facebook Page For Upcoming Events

The winter league is well underway and the scores they are rolling just keep rising and rising. A lot of the bowlers are coming in and practicing for the Special Olympics so mark November 13th on your calendar and we hope you will be here to support your favorites.

The week of September 7th Damie Hoornaert rolled a 195 game and Shanna Landreth was 46 pins over for her 2 game series. Don Seward had the man's high game with a 182 and Tomas Sanchez was 36 pins over his series.

September 14th week number 2 Cheryl Dodson and Damie Hoornaert tied for the high game for the ladies with a 137. Shanna Landreth was over again this week with 63 pins. For the men it was Vincent Duggan with a 194 and Pete Godoy was 26 pins over for his 2 game series.

In week number 3 September 21st Damie Hoornaert rolled a 157 for the high game and Virginia Hawkins was 59 pins over for her series. For the men it was Don Seward with a 169 game and Perry Hazlett was 50 pins over in series.

Last but not in the week of September 28th Damie Hoornaert posted a 150 game for the ladies high and Susan Graves was 26 pins over in her series. Tomas Sanchez had the high game with a 178 and Vincent Duggan was 51 pins over in his series.

Wonderful bowling to all of you in the Ready! Set!! Bowl!!! League and until next month may the pin fall be with you.

We had 28 bowlers this past Sunday September 20th for the Yosemite Lanes Scratch 6 Gamer on the PBA Scorpion Pattern (47 feet). The qualifying was lead by Darren Tang out of San Francisco who shot 1447 for his 6 games (a 241). This includes Darren's tremendous last 3 games of 252, 289, 300 (841). With that finish he flew by David Street of Fresno (1438) , and Will Garber of Modesto (1423) to claim the top seed. But despite all of that great bowling this day belonged to Kevin Harlin of Milpitas. Kevin qualify for the step-ladder finals as the #4 seed with a 1385 6 game total, then steam rolled #5 Freddy Irvin of Modesto,

Will Garber, Street, and the top seed Darren Tang to win his first Yosemite Lanes 6 Gamer since 2010 and \$322.00. The win also secures Kevin a spot into the 2015 Yosemite Lanes Tournament of Champions. Congratulations to Kevin and all the other cashers.

Qualifying Scores:

1. Darren Tang	+247	
2. David Street	+238	
3. Will Garber	+223	
4. Kevin Harlin	+185	
5. Freddy Irvin	+169	
6. Derek Gregory	+103	\$110
7. Nick Kelley	+85	\$80

2015 World Bowling Senior Championships

By Aaron Smith

ARLINGTON, Texas - The top senior players from 33 countries made their way to Las Vegas to compete at the 2015 World Bowling Senior Championship.

The 2015 event featured more than 200 men and women age 50 and older vying to take home medals in singles, doubles, team, all-events and Masters competition at Sam's Town Bowling Center.

The U.S. men's team features Lennie Boresch Jr. of Kenosha, Wisconsin, Bob Learn Jr. of Lantana, Florida, Ron Mohr of North Las Vegas, Nevada, and Johnny Petraglia of Jackson, New Jersey.

The U.S. women's team includes Tish Johnson of Colorado Springs, Colorado, Robin Romeo of Newhall, California, Lucy Sandelin of Tampa, Florida, and Paula Vidad of Sun City, California.

The World Bowling Senior Championships debuted in 2013, also in Las Vegas, and the U.S. squad claimed a total of six gold medals at the inaugural event.

Mohr, a two-time Professional Bowlers Association 50 Player of the Year, is the only returning player on the men's side after winning gold medals in doubles and all-events, while a trio of United States Bowling Congress Hall of Famers, Johnson, Romeo and Sandelin, return for the women's team.

Romeo captured the all-events and Masters titles at the 2013 event, while Sandelin took home a medal in every event, including gold in singles.

Both the men's and women's U.S. teams fell short of winning gold in the team event in 2013. Sweden swept the titles as the U.S. men took silver and the U.S. women earned bronze.

"I was proud to medal in every event, but was a little disappointed we came up short, winning the bronze in the team event," said Sandelin, who became the first U.S. woman to win the QubicaAMF World Cup in 1976. "As with previous Team USA events, winning the gold medal in the team event is always our ultimate goal. We've had two years to compete at various events and have seen each other's game and plan to share our

knowledge with each other to play the lanes smart. The bond and respect we have for each other should help us combat any challenges that come our way."

Singles, doubles and team competition at the 2015 World Bowling Senior Championships will consist of six qualifying games to determine the four players who will advance to the championship round. The combined qualifying totals from singles, doubles and team will determine medalists for all-events.

The top 24 players in the all-events standings will advance to Masters. An additional six games will cut the field to the top eight, followed by round-robin match play. The top four scores including bonus pins will advance to the championship round.

The championship round consists of a one-game semifinal round featuring the No. 1 seed taking on the No. 4 seed, while the No. 2 seed faces off against the No. 3 seed. The winner of each match will advance to a one-game championship match.

The United States swept the men's and women's team titles Saturday.

In the men's final, the U.S. took advantage of some early miscues by Australia as they coasted to an 887-675 victory at Sam's Town Bowling Center. The women's gold-medal match went down to the final frame, with the U.S. outlasting Mexico, 785-754.

The U.S. men's team quickly distanced themselves from their opponent after all four Australian players were unable to mark in the fourth frame. The U.S. never let off the gas as they were led by Ron Mohr, the only returning member from the U.S. team that won silver at the 2013 event, who fired a 278 game. Mohr was joined by Johnny Petraglia (212), Lennie Boresch Jr. (210) and Bob Learn Jr. (187).

"This was everything," said Mohr, who won gold medals in doubles and all-events in 2013. "Two years ago, we missed the team gold, which is the objective. To capture it this year and see the guys' reactions, it's as good as it gets."

The win capped off a resilient performance by the U.S. squad, which started the final round of qualifying Saturday nearly 120 pins out of the medal round before averaging more than 225 as a team in their final two

games to move into third with a six-game total of 4,972.

The U.S. men defeated Sweden, which bested them in the 2013 title match, in the semifinal to advance to the championship round, 859-805, while Australia, which led qualifying with 5,087, rolled over Canada, 858-713. Sweden and Canada earned bronze medals.

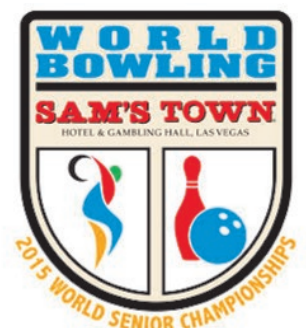

Neither team backed down in the women's title match, as both the U.S. and Mexico continued to keep the pressure on one another throughout the entire game. The U.S. team, featuring Tish Johnson (214), Lucy Sandelin (201), Robin Romeo (193) Paula Vidad (177), held the advantage as both teams started the 10th frame, and did what they needed to secure the win.

The U.S. women's team paced qualifying with a 4,861 total, and defeated Australia in the semifinal, 821-707, to earn their spot in the finals. Mexico edged out defending champion Sweden in the other semifinal, 765-746. Australia and Sweden took home bronze.

The all-events medalists also were determined Saturday as Sandelin and Canada's John Chapman secured gold medals by posting the highest 18-game totals from singles, doubles and team qualifying.

Sandelin, a USBC Hall of Famer, cruised to the gold by nearly 150 pins over the rest of the women's field with a 3,756 total. Sweden's Susanne Olsson took silver with 3,617, All-events champion Robin Romeo moved from fifth to third in her final game to earn bronze with 3,542.

"I'm a big student of the mental game, and really try to focus on the process and not the result," said Sandelin, who also has won gold in doubles and bronze in singles this week. "If you focus on the process, the result takes care of itself. I wasn't focusing on all-events. I just wanted to take it one shot at a time and cover my spares, and that's why I think I did so well. I've worked very hard to get here, and it feels awesome."

Rawley Wins Singles Gold At 2015 World Bowling Senior Championships

By Aaron Smith

LAS VEGAS - Australia's Andrew Frawley took home the men's singles title Tuesday at the 2015 World Bowling Senior Championships.

The 51-year-old right-hander got off to an early advantage in the championship match against top seed Todd Sim of Canada and never looked back, claiming the gold medal with a 224-183 victory at Sam's Town Bowling Center.

Frawley started the match with four consecutive strikes as Sim stayed clean but was unable to double. Frawley nearly opened the window after leaving a 3-6-7-10 split in the sixth frame, but he converted it to keep Sim at bay.

"I had a pretty good ball reaction in practice, so I was feeling relatively confident," Frawley said. "I was really trying to burn up a spot to roll it into, and it really started to roll early. I had to make a move and was a little late. So, I made the move, and Tom got a little unlucky with a few taps, so I relaxed after that."

A 4-7-10 split in the ninth from Sim ended any hope of a comeback as Frawley brought Australia its first gold medal at the World Bowling Senior Championships. Sim, who lead qualifying with a 1,415 six-game total, earned the silver medal for his performance.

Frawley advanced to the semifinals as the No. 3 seed after posting a 1,339 total in qualifying. He defeated Scotland's Alan Keddie, 215-211, to earn his spot in the championship match.

Sim advanced to the final by besting fellow Canadian John Chapman, 243-206, in the other semifinal. Keddie and Chapman both earned bronze medals.

Ron Mohr of the United States just missed advancing to the semifinals, finishing qualifying in fifth with 1,297. Lennie Boesch Jr. placed seventh with 1,270, while Johnny Petraglia (1,106) and Bob Learn Jr. (1,074) finished outside of the top 50.

The World Bowling Senior Championships features more than 200 male and female participants age 50 and older from 33 countries vying for medals in singles, doubles, team, all-events and Masters competition.

United States, Colombia Win Doubles At 2015 World Bowling Senior Championships, Las Vegas

By Aaron Smith

LAS VEGAS - United States Bowling Congress Hall of Famer Lucy Sandelin and Paula Vidad won the gold medal in women's doubles at the 2015 World Bowling Senior Championships, while Colombia's Nicolas Ruiz and Julio Soto took the men's title at Sam's Town Bowling Center on Thursday.

In the women's final, Sandelin and Vidad topped Germany's Martina Beckel and Gisela Insinger, 430-417. In the men's title match, Ruiz and Soto recorded an exciting one-pin victory over Canada's John Chapman and Ray Vervynck, 429-428.

The U.S. women saw Germany take the early advantage, but five consecutive strikes in the middle of the title tilt from Vidad gave the United States the edge as the match headed into the homestretch.

"When I get pumped up, it helps me throw better shots, and it got us going," said Vidad, who finished the game with 218 as she celebrated her 56th birthday. "We're a great team. I couldn't be happier. This is the best birthday ever."

Sandelin rolled consecutive strikes of her own in the eighth, ninth and 10th as she bested her silver-medal performance in doubles from the 2013 tournament with teammate Tish Johnson.

"I've had two years to think about coming in second and getting silver," said San-

delin, who added 212 to the winning total. "I've been waiting for this day, and really just tried to take it one shot at a time. I even said to myself that this is why I've been practicing every time at home. I've been looking forward to this day for two years, and it's awesome to be standing there with that gold medal around my neck with Paula."

Sandelin and Vidad, who led qualifying with a six-game total of 2,419, made the finals with a victory over Canada's France Joubert and Jill Friis, 414-372, in the semifinal match. Beckel and Insinger cruised into the finals with a 420-343 win over USBC Hall of Famers Robin Romeo and Johnson. Canada and the United States took home bronze medals.

Neither doubles pair relented in the men's championship game as Canada held a 14-pin advantage entering the final frame. Ruiz delivered three strikes to start the 10th for Colombia, reducing the deficit to three pins as anchors Soto and Vervynck stepped up.

"I knew how close the match was going to be," said Ruiz, who finished with a 215 game. "I made an adjustment for the last frame and got three strikes."

Both Soto and Vervynck delivered strikes to start the 10th frame. Soto left the 1-5-8-9 combination on his second offering, giving Vervynck the opportunity to get nine or better on his second shot to secure the title. Vervynck left the 3-9-10 split, giving both players the chance to spare to force a tie. Soto recorded the mark, while Vervynck only was able to knock down the 9 and 10 pins to send the gold to Colombia. Chapman and Vervynck earned silver medals. "I knew I had to make the spare," said Soto, who added 214 to the effort. "I needed it, and I made it. I'm very happy."

The Colombians, who also made the medal round by a single pin to qualify fourth with a combined six-game total of 2,447, defeated USBC Hall of Famers Lennie Boesch Jr. and Johnny Petraglia in the semifinals to advance to the title match, 391-358. Petraglia and Boesch led qualifying with 2,656.

Chapman and Vervynck earned their spot in the finals by defeating Australia's Robert Chinner and Shaun Cummings, 434-395. The United States and Australia earned bronze medals.

Ron Mohr and Bob Learn Jr. of the United States missed advancing to the medal round by just 15 pins, but finished ninth overall with 2,432. Mohr and Hugh Miller teamed for the doubles title at the 2013 tournament.

Gary Brown Managing Director Of IBC Youth Development

By Terry Bigham

Gary Brown has been named managing director of International Bowling Campus (IBC) Youth Development, supervising all United States Bowling Congress (USBC) and Bowling Proprietors' Association of America (BPAA) youth programs. Brown will report to the executive directors of USBC and BPAA.

Brown moves into his new role from director of collegiate programs and youth tournaments. He has been part of the IBC staff since 1999 in roles including event management, rules counselor, and director of high school and collegiate.

"We have made great strides since merging the operations of BPAA and USBC youth programs under IBC Youth," BPAA Executive Director Frank DeSocio said. "Gary has a proven track record of great collaboration with all industry stakeholders and we believe he is a great fit."

Brown also brings television event experience to the job, having worked for CBS and ESPN in various production roles of live telecasts. Brown holds a bachelor's degree in sports marketing/management and a master's degree in sports management and athletic administration from Indiana University. Also was a member of the Hoosiers varsity bowling team.

"The recent success and growth of collegiate bowling and national youth tournaments demonstrates Gary's ability to succeed in this role," USBC Executive Director Chad Murphy said. "He brings the perspective of a lifelong bowler along with the business experience needed to lead this critical part of the IBC team."

JBT Titles

JBT Champs Harley Sweigart, Rachael Berg, and Samantha Conti @ Red Rock Lanes, Las Vegas

Harley Sweigart and Samantha Conti survived tough roads to JBT titles in exciting Mojave Conference action at Red Rock Lanes in Las Vegas.

Sweigart qualified second to last for the 'super-survivor' portion of the tournament, where the low game and low series are eliminated each game, meaning he was always in double-danger of being eliminated. He scraped by the early rounds though, and then stepped on the gas, firing 257 with four bowlers remaining, to pass Nick Devlin on pinfall, while Nick Pollak's 202 was the low game, eliminating the Nicks third and fourth.

That left Harley to play Cortez Schenck, who although never leading a round, was always right behind the leaders. He also had to survive a do-or-die moment early in super-survivor, as he avoided low game with a clutch tenth frame double. From there he cruised, but seeking a sweep of the weekend, he was unable to keep up with Sweigart, who poured on second-half strikes for a 247-182 title match win, and the 8th title of his JBT career.

Fifteen handicap survivors were carved down to six, and in that round Nicole Baranowki bowed out with low game, while Douglas Csanyi and Jopfel Gafate were eliminated as the lowest two total series (though 'low' gets pretty high by that round). That left both Reyes entries, RJ and LeeAnn, as well as Samantha Conti, remaining. Conti blasted a 240 semifinal game to advance to the finals, while LeeAnn's 214 fell to brother RJ's 229, advancing RJ to the final as well.

Reyes struggled in the title match, and Conti took advantage for a 219-163 win and the second title of her JBT career.

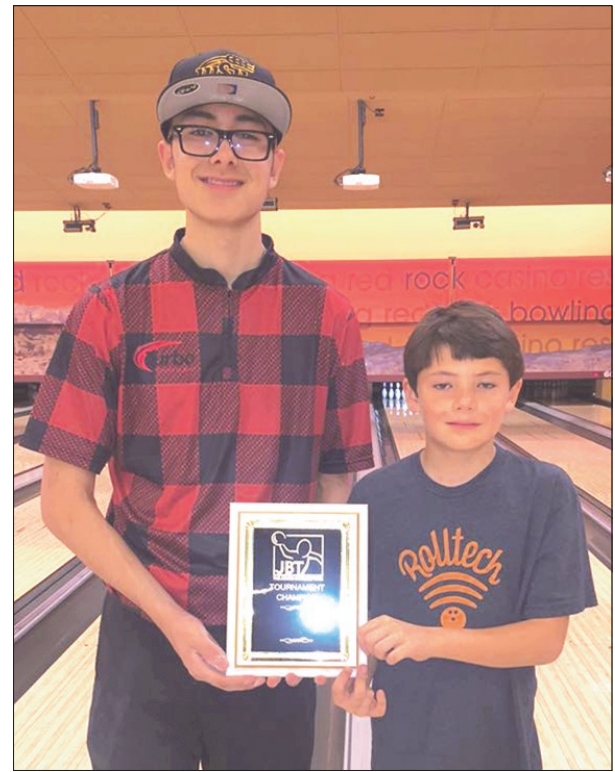

LeeAnn's day wasn't over, as she then took on Rachael Berg for the day's Women's Series title. In that game, Rachael came away with the 185-171 win for her second girls' title of the season.

Thanks as always to the team at Red Rock, and all our sponsors and suppliers, for all they do for our Tour. Want in on all the fun? Just check out our schedule and come on down, that's all there is to it!

New Schedule Part Of Junior Gold Championships Improvements

By Aaron Smith

ARLINGTON, Texas – The Junior Gold Championships will expand its schedule by a day in 2016, one of several improvements that will provide a better experience for both competitors and attendees, and to prepare for continued growth of the event.

“As we started to see the record participation in Junior Gold last season, we put together a targeted survey to the bowlers themselves and commissioned a task force comprised of volunteer leaders, Junior Gold coordinators, former bowlers and staff to lay out “what’s next” for Junior Gold,” said Chad Murphy, United States Bowling Congress Executive Director. “We are really proud to see such great response to the surveys and a clear direction from the task force to enhance the experience and build toward a brighter future for the sport through this event.”

The 2016 Junior Gold Championships presented by Storm, Roto Grip and Master will take place July 15-23 in Indianapolis. Five bowling centers will be used for competition: Western Bowl, Expo Bowl, Woodland Bowl, All Star Bowl and Southern Bowl.

The extra day of competition allows for additional squads with the TV finals for the event on Saturday, July 23.

The competition will have two practice days (July 16-17) before qualifying for all divisions – Under 12, Under 15 and Under 20 boys and girls divisions – get underway. Competitors then will bowl four games each day over four days for a total of 16 qualifying games before the first cut is made. Previously, the event had 15 games of qualifying over three days for U15 and U20 divisions, and 12 qualifying games for the U12 divisions.

The new schedule will allow the tournament to have additional squads. This will mean fewer bowlers on each pair, will make the centers more accessible for family and friends, and will set up the tournament for additional growth.

“The Junior Gold Championships has seen tremendous growth and the improvements that will take place in 2016 will ensure youth bowlers and their families will have an outstanding tournament experience,” said Gary Brown, International Bowling Campus Managing Director of Youth Development. “Last year, a national TV audience had the opportunity to see what this event has to offer and we expect to see the Junior Gold program continue to grow.”

During the 2014-2015 season, the Junior Gold program shattered its all-time membership mark with more than 6,200 members and the 2015 Junior Gold Championships saw more than 3,400 youth bowlers qualify for the tournament. The 2014 tournament drew just under 2,500 bowlers.

In addition to the new schedule, bowlers will be limited to five bowling balls for competition, one less than previously allowed. Junior Gold is a steppingstone to collegiate competition and the new rule is meant to keep the event in line with collegiate bowling, which limits participants to five balls in post-season play. The event also has adopted the collegiate dress code, allowing females to wear skirts, skorts and shorts.

CUSBC**

Squads will be scheduled with NO MORE THAN TWO (2) SETS OF DOUBLES/SINGLES on a pair. Teams will consist of four (4) members. Singles must bowl doubles (no 1/2 sets of doubles). If you have more doubles sets than lanes available, remaining doubles will be scheduled on subsequent or previous squad, if available.

DEPOSIT: A deposit of \$140 per team must accompany this form. The deposit will reserve the dates and times requested for that number of teams only. Groups will only be scheduled together when submitted together. An official entry form will be mailed to the listed team captain along with a pre-confirmation letter. **All team spots without official paid entries submitted by FEB. 15, 2016 will be relinquished. As Captain, I have read and agree to the above instructions.**
